

## Where Are We Now?

We know from schools that there is often a great desire and motivation to improve equality, diversity and inclusion, but that this can be hindered by being unsure of where to start, a lack of resources, budget constraints and busy workloads. This package provides tools to support schools to understand their current strengths and weaknesses and create a platform from which to build their equality, diversity and inclusion work. The package includes:

- Template letters and surveys for staff, pupils and parents and carers with accompanying guidance
- A self-evaluation audit tool which allows schools to assess their strengths and weaknesses with regards to EDI across all aspects of school life
- A template EDI policy

Schools who feel that they need additional support in understanding and moving forward in response to this data can access the enhanced package which will include an EqualiTeach Representative to work with the school to:

- Review and strengthen policies and procedures which relate to EDI
- Review the results of the audit and surveys
- Provide advice and consultancy on other initiatives
- Meet with the school to conduct a two-hour action-planning meeting to devise next steps

The service is priced at £100 for the basic tools and £750 for the enhanced bundle (additional consultancy is priced at £140 per hour if schools wish to build their own bespoke package). **ASCL members will receive a 10% discount on all packages.** If you are interested in booking, or finding out more information about this service please e-mail [sarah@equaliteach.co.uk](mailto:sarah@equaliteach.co.uk) or phone 01480460770
