

TRAINING

Shaping the curriculum at KS3

**Wednesday 7 October 2009,
Stratford-upon-Avon**
Thursday 28 January 2010, Wakefield
Course fee: £280 +VAT

Target audience

Headteachers and members of the leadership group with responsibility for leading and managing curriculum change at KS3.

The revised secondary curriculum which came into force from September 2008 provides exciting opportunities to reshape your KS3 curriculum to meet the needs of your students. Some schools will already have used the new flexibilities to ensure that all students are engaged and achieving, others will be taking more time to consider the changes which may be appropriate for them. Whatever stage you are at, this course will provide an opportunity for you to audit and evaluate your current planning and to hear more about innovative practice from other schools. The course will focus on the leadership and management of curriculum development and change and offer a range of planning activities to take back into your school.

**Take this course into your
school/college.**

**Contact ASCL MAPS for a
quotation and more details.**
